(a) A person is not required to register under the Act as a commodity pool operator if:

(1)(i) It does not receive any compensation or other payment, directly or indirectly, for operating the pool, except reimbursement for the ordinary administrative expenses of operating the pool;

(ii) It operates only one commodity pool at any time;

(iii) It is not otherwise required to register with the Commission and is not a business affiliate of any person required to register with the Commission; and

(iv) Neither the person nor any other person involved with the pool does any advertising in connection with the pool (for purposes of this section, advertising includes the systematic solicitation of prospective participants by telephone or seminar presentation);

(2)(i) None of the pools operated by it has more than 15 participants at any time; and

(ii) The total gross capital contributions it receives for units of participation in all of the pools it operates or that it intends to operate do not in the aggregate exceed \$400,000.

(B) A child, sibling or parent of any of these participants;

(C) The spouse of any participant specified in paragraph (a)(2)(iii)(A) or (B) of this section; and

(D) Any relative of a participant specified in paragraph (a)(2)(iii)(A), (B) or (C) of this section, its spouse or a relative of its spouse, who has the same principal residence as such participant;

(A) The aggregate initial margin, premiums, and required minimum security deposit for retail forex transactions (as defined in §5.1(m) of this chapter) required to establish such positions, determined at the time the most recent position was established, will not exceed 5 percent of the liquidation value of the pool's portfolio, after taking into account unrealized profits and unrealized losses on any such positions it has entered into; *Provided*, That in the case of an option that is in-the-money at the time of purchase, the in-the-money amount as defined in §190.01(x) of this chapter may be excluded in computing such 5 percent; or

(B) The aggregate net notional value of such positions, determined at the time the most recent position was established, does not exceed 100 percent

of the liquidation value of the pool's portfolio, after taking into account unrealized profits and unrealized losses on any such positions it has entered into. For the purpose of this paragraph:

(1) The term "notional value" shall be calculated for each such futures position by multiplying the number of contracts by the size of the contract, in contract units (taking into account any multiplier specified in the contract), by the current market price per unit, and for each such option position by multiplying the number of contracts by the size of the contract, adjusted by its delta, in contract units (taking into account any multiplier specified in the contract), by the strike price per unit, and for each such retail forex transaction, by calculating the value in U.S. Dollars of such transaction, at the time the transaction was established, excluding for this purpose the value in U.S. Dollars of offsetting long and short transactions, if any; and

(2) The person may net contracts with the same underlying commodity across designated contract markets, registered derivatives transaction execution facilities and foreign boards of trade; and

(iii) The person reasonably believes, at the time of investment (or, in the case of an existing pool, at the time of conversion to a pool meeting the criteria of paragraph (a)(3) of this section), that each person who participates in the pool is:

(i) Interests in the pool are exempt from registration under the Securities Act of 1933, and such interests are offered and sold without marketing to the public in the United States;

(ii) The person reasonably believes, at the time of investment (or, in the case of an existing pool, at the time of conversion to a pool meeting the criteria of paragraph (a)(4) of this section), that:
